

London Satellite Finance Network – Conference and Trade Show

We wish to invite you to the London Satellite Finance and Industry Conference, with key note speaker David Willetts MP, Minister of State for Universities and Science.

The UK space industry is a recent success story and continues to grow despite the uncertainty in the UK economy. The outlook for the industry into 2013 is positive.

The theme of the conference is “A Plan for Growth” and how best to capitalise on the city’s financial strengths, make the UK a well regulated environment in which to do and grow space business and strengthen support mechanisms to accelerate exports.

These issues will be addressed through bringing together the UK space industry (including SMEs), the finance community, the Government and UK Export Finance.

A smaller workshop will be held allowing potential exporters, particularly SMEs, to meet with UK Export Finance.

A trade show will be run in parallel, in which you are invited to showcase your company and services, and demonstrate your products.

11 February 2013

Inmarsat
99 City Road, London, EC1Y 1AX

09.00 – 17.30 followed by a reception
